Synthesis:

By the end of undergraduate studies, the student is expected to have a broad and thorough understanding of the musical processes related to performance, history, composition, repertoire, pedagogy, as well as be able to visually recognize, aurally label, and verbally describe them, using appropriate syntax.

Results:

The students must demonstrate achievement of professional, entry-level competence in the major area, including significant technical mastery, capability to produce work and solve professional problems independently, and a coherent set of artistic/intellectual goals that are evident in their work. BM students are required to produce a senior recital (this is also highly encouraged of BME and BA students).

Students are expected to be able to form and defend value judgments about music and to communicate these ideas to professionals and laypersons. Students are required to write program notes for recitals, and to research the composer and style for all compositions they work on.

Recital Requirements:

- 1) All music majors are required to pass an Upper Division Recital Performance (UDRP) during their sophomore year. It will consist of two contrasting pieces. Performance majors must memorize one of the pieces. The UDRP should be approximately 15 minutes.

- 2) Junior Recital: required of all performance majors (30 minutes of music) - this recital is shared with another student.
- 3) Senior Recital: required of all performance majors (ca 60 minutes of music).
- 4) BME and BA Student Recitals: Any music major or minor may give a recital their senior year with instructor permission. Most music education majors and music BA's perform a half recital (see junior recital) or a full recital (see senior recital). BME and BA students must have the woodwind faculty's signatures in order to give a full recital. This is not a degree requirement, but giving recitals is highly encouraged and part of the senior year saxophone grade.

- 1) Lessons that are cancelled due to instructor absence (exceptions above) or excused student absence will be made up at the convenience of the student and the instructor.
- 2) Instructor reserves the right to not make up lessons cancelled due to unexcused student absence.
- 3) No more than two make up lessons are allowed per semester. More than two unexcused absences will result in an 'F' for the semester.

Grading and Assessment:

- 1) A plan for the semester will be developed at the beginning of the semester in collaboration between instructor and student.
- 2) Student will be graded each week on the quality, consistency, and quantity of preparation for each lesson.
- 3) Every flute performance is graded (masterclasses/recitals/etc).
- 4) Student's general attitude will also be considered.
- 5) All flute majors will perform in front of the woodwind faculty as part of their jury at the end of each semester. The jury grade cannot affect the lesson grade by more than one letter grade.
- 6) BME and BA music majors must give at least a half recital their senior year in order to qualify for an 'A' in flute.

- 7) Student attendance on departmental, studio classes, lessons, juries, and recitals are taken into consideration and may affect your grade.
- 8) A midterm conference will be held to discuss the student's progress, though students may discuss grading at any time with the instructor.
- 9) Failure to return university equipment will result in an 'Incomplete' grade until the equipment has been returned.

A = Highest level of achievement: The student has consistently prepared for each lesson, has displayed professionalism, and has made superior progress in all aspects of technique, musicality, and creativity. The student has completed the amount of material the teacher feels is necessary for substantial progress.

B = Good achievement: The student has displayed high levels of preparations and progress, and has completed an acceptable amount of literature.

C = Improvement is recommended: The student is making some progress, but is not working to his/her potential or to instructor expectations.

D = Poor: More practice is recommended and the grade must be brought up in order to remain in the program. Probationary status in the flute studio will be in effect until progress is made.

F = Failing: A student receiving a failing grade will not be permitted to remain in the saxophone studio and a change of major is recommended.

Students with Disabilities:

The Department of Music is committed to equal opportunity in education for all students, including those with documented physical disabilities or documented learning disabilities. University policy states that it is the responsibility of students with documented disabilities to contact instructors during the first week of the semester to discuss appropriate accommodations to ensure equity in grading, classroom experiences, and outside assignments. The instructor will meet with the student and the staff of the Disability Services for Students (DSS) to formulate a plan for accommodations. Please contact Jim Marks in DSS (243.2373, Lommasson Center 154) for more information or go online:<http://www.umn.edu/disability>

Academic Misconduct and the Student Conduct Code:

All students must practice academic honesty. Academic misconduct is subject to an academic penalty by the course instructor and/or disciplinary sanction by the University. All students need to be familiar with the Student Conduct Code. The Code is available for review online at:
